Section 2: Services

SIN 874-1 Consulting Services

MineLight Solutions has a proud legacy of assisting our clients in overcoming their most pressing management challenges. We have a proven track record of providing best value for our clients while optimizing their management practices.

Within the public sector, we support agencies and bureaus that are challenged with:

- » Developing new strategic approaches to accommodate significant change initiatives within their organization
- » Understanding and quantifying the value of legacy programs or functions that may be inconsistent with a changing set of priorities
- » Designing and implementing leading-edge management practices to optimize the use of limited resources

Our services include:

Strategy Development and Planning

- » Organizational strategy development
- » Development of vision, mission, and objective statements
- » Strategic planning
- » Business case development and analysis
- » Design and development of marketing and communication plans

Program Management

- » Critical project recovery
- » Audit and analysis of existing programs
- » Cross-functional program management

Accelerated Management Operations Evaluations

- » Rapid diagnostics (<6 weeks) to identify areas of opportunity, develop improvement recommendations, and create an actionable implementation roadmap
- » Maturity assessments of existing management capabilities

Financial Management and Analysis

- » Development and implementation of metrics to manage financial performance
- » Cost / benefit analysis and financial planning support
- » Optimization of financial management practices
